

HIGH RISK WARRANT SERVICE

Presented By Pinnacle Tactical Solutions LLC

February 11 - 13, 2020

Description: This class is ideal for officers assigned to teams or units who serve high risk warrants or individual officers wishing to improve their tactical skills. This class will focus on tactical planning considerations, tactical options, tactical considerations, room entry and interior movement, with extensive use of scenario exercises. This class will give you additional tools and techniques to better and more safely perform the High Risk Warrant Service mission.

Date and Time: Tuesday, 2/11/20 – Thursday, 2/13/20 (8-5)

Location: Northern California Regional Public Safety Training Authority (NCRPSTA), 5436 Patrol Road, McClellan (Sacramento), CA 95652

Tuition Fee: [REDACTED]

Registration: Registration for this class will be through Pinnacle Tactical Solutions LLC. This class is not POST - certified. To register, contact [REDACTED] Pinnacle Tactical Solutions LLC at [REDACTED]. For further information contact Brian via email or telephone number [REDACTED].

Equipment: Students will need their operational tactical kit, to include body armor, eye and ear protection. Weapons and Ammunition: Students must bring a long gun (.223 rifle or SMG) with Simunition conversion kit or separate Simunition converted long gun (or other "marking cartridge"-type system, i.e. "Force on Force", UTM, etc.) and 200 rounds of marking cartridge ammunition. Airsoft rifles are acceptable alternatives. If student does not have access to long gun, Simunition configured handgun is an acceptable alternative also. There is no live fire in this course. There are no loaner weapons available for this course. Organizational patch for Pinnacle cadre (*not mandatory, but much appreciated!)

Instructors: Our instructors come from the ranks of elite tactical law enforcement and military units. Come share their expertise and experience! This is truly a unique opportunity!
